HEALTH

ABOUT RODGERS HEALTH

We've believed in family since the beginning — and we're here to take care of yours.

We believe healthy families are the cornerstone of a healthy community, and we know that taking care of yourself is the best way to take care of your family. It's health care for everyone, from newborns to seniors.

We're committed to serving all families of Kansas City, people of all cultures and backgrounds. And we speak your language, with interpretation services for 38 languages and counting. Everyone is family here at Rodgers Health.

ADULT & SENIOR SERVICES

We offer comprehensive health care to address the needs of adult and senior patients. We see adult patients of all ages — from teens 19 and older, to seniors of any age. We build healthy families with health care that is compassionate, culturally competent and universally accessible. It's the primary care you need in an inviting, state-of-the-art facility.

BEHAVIORAL HEALTH

Our Behavioral Health Services team is here to help with compassionate, confidential counseling. We work with you and your family on how to overcome obstacles and gain balance in your life. From depression and anxiety to mood disorders and relationship problems, we are here with the counseling and support you need.

We provide psychiatry and medication management, individual counseling, family counseling and group counseling for adults, adolescents and children (five years and up), for both individuals and families. Addictions Treatment (substance use disorder) is also available through our Intensive Outpatient Program. Don't wait — help is available.

CHILDREN'S & ADOLESCENTS' HEALTH SERVICES

We're pleased to provide caring, competent and accessible pediatric care for children, from newborns through age 18. Children's & Adolescents' Health Services at Rodgers Health include newborn exams, wellchild visits and physicals, immunizations, dental care, WIC services and more.

We're here to help as your child grows, with services for older children and the changing health needs of your teenager, like sports physicals, birth control and health counseling. At Rodgers Health, everyone is family.

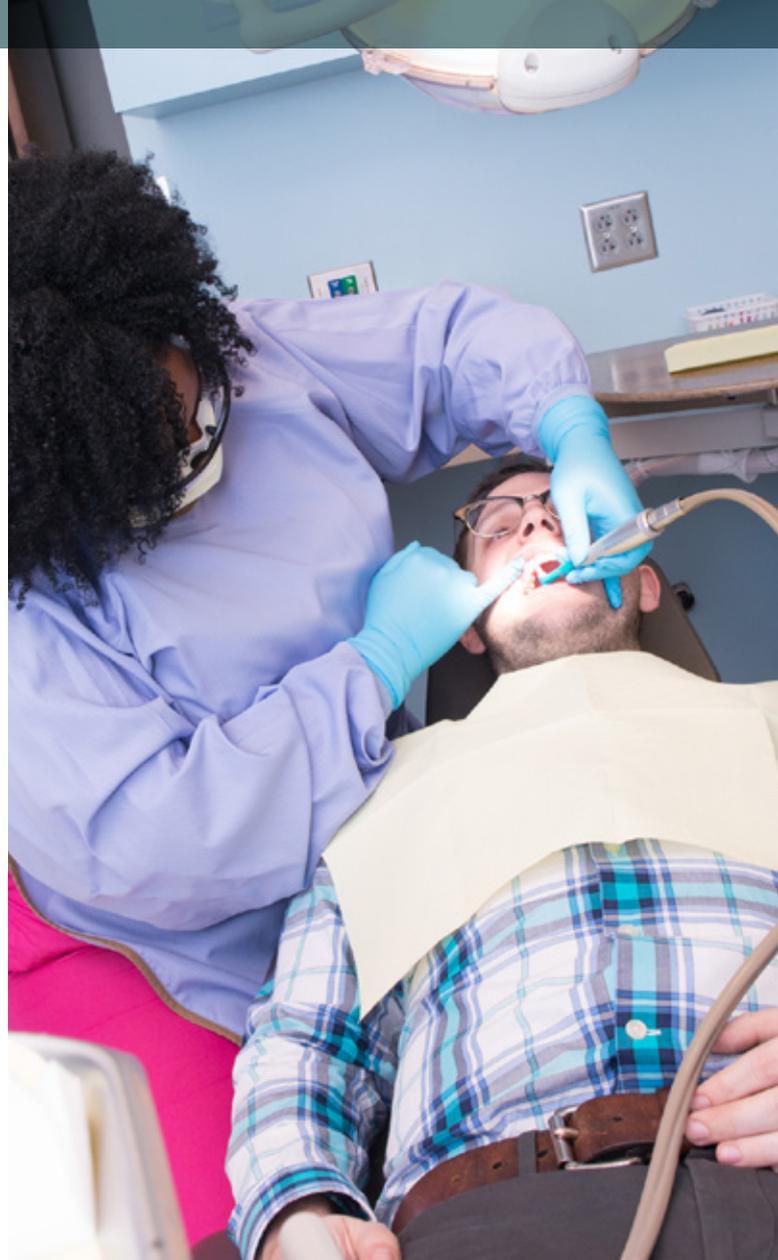

DENTAL CARE

We want to keep you and your family smiling! Rodgers Health offers compassionate and quality dental care for all ages. Our comprehensive dental services include routine dental exams and cleanings, xrays and extractions, fillings and more.

Visit us for the dental services your family needs for bright and healthy smiles.

IMAGING

We offer digital imaging services for everyone in your family. Get access to the state-of-the-art imaging services you need in a comfortable atmosphere. And results are typically available in two days or less, for your peace of mind. Imaging services include ultrasound, x-rays and mammography. Our compassionate team is here to help.

OB/PRENATAL CARE

Are you pregnant or planning to become pregnant? As you grow your family, you can count on our dedicated team for the OB and Prenatal care you and your baby need.

The earlier you begin medical care during your pregnancy the better — and we can help. Rodgers Health offers comprehensive prenatal care at every stage of your pregnancy, helping you prepare for your very special delivery. It's compassionate care for you and your baby.

PHARMACY

Our accessible pharmacy services are available for all Rodgers Health patients at our Downtown Campus. It's just one more way we provide full-service care for your whole family at a central location.

Prescription refills are available the same day, and interpreters are also available. Our pharmacists are committed to helping you access the medications you need.

PODIATRY

Our Rodgers Health podiatrists treat foot and ankle problems, including sports medicine, diabetic foot complications, bunions, pediatrics, skin and nail problems and more.

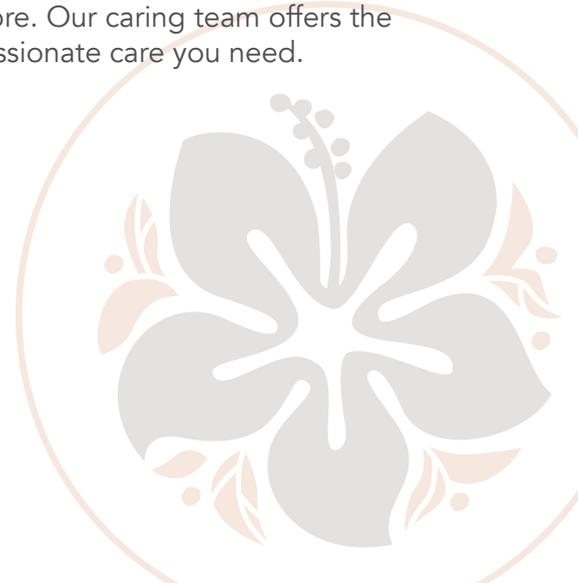

We offer comprehensive care for healthy feet. Interpretation services are available too, so you can get the care you need in the language you speak. We're here to help with trustworthy, compassionate care.

WOMEN'S HEALTH

Our obstetrics and gynecology (OB/GYN) team is committed to helping you feel your best. We have a strong tradition of specialized care for women, coming alongside you on your health journey.

Our experienced team of physicians, nurses and midwives provide the health care women need to thrive. Services include well-woman exams and wellness counseling, pap tests, family planning, mammograms, gynecology and more. Our caring team offers the compassionate care you need.
